Station Ootacamund Dated the 14th May 1923. 19

From (Name) Lt-Col. T.H. Symons, O.B.E., I.M.S.,

(Designation) Officiating Surgeon-General with the Government of Madras,

To The Secretary to the Government of Madras,
Local Self-Government,
Public Health Department.

Sir,

(H)

Reference:-G.O.No.1273, P.H., dated 13-9-22.

Two experienced and fully qualified nurses from the Government Ophthalmic Hospital and Royapuram Hospital, Madras, have been selected by me to fill the appointments of sister and nurse sanctioned for the Head-quarter Hospital, Mangalore, and the District Medical Officer has been asked to serve the present unqualified staff with notice of discharge. The District Medical Officer, however, reports that no quarters exist at present at Mangalore to house the nursing staff. In the interests of the hospital and the patients I consider it absolutely essential that the nursing staff should reside at or

near

the hospital so that they may be available for duty at a moment's notice. A house is reported to be available close to the hospital at a rental of about Rs.50 per mensem large enough to accommodate 4 nurses. The District Medical Officer, proposes, if required, to enter into negotiations with the owner regarding lease, additions, repairs etc., and submit detailed proposals. In the circumstances it is recommended that Government be pleased to approve the proposal for the renting of the house and sanction the payment of rent of Rs.50 per mensem till quarters are actually constructed by Government for the nursing staff.

I have the honour to be,

Sir,

Your most obedient servant,

T. H. Williams

V.V.

It is understood from L.S.G. that nurses are generally provided with free quarters. The Retrenchment Committee have recommended* that rent may be remitted in the case of medical officers, matrons, nurses and other women attendants required to live in a hospital building, but where detached quarters or a separate flat is provided for any individual officer falling within any of these classes, rent should be charged. As in the present case, quarters are not provided within the hospital, rent should be recovered in accordance with the committee's recommendation. The question will however, be finally decided by these Orders of the Cabinet in the matter
